FORT WILDERNESS

provides an opportunity to grow in your faith, have quiet time in a beautiful setting and get to know others from Autumn Ridge. It is a safe environment for children and the facilities at Fort are exceptional. The food is delicious and the staff make your stay the best it can be. Fort is located on two lakes and several hundred acres of land in Northeast Wisconsin. Hiking trails, a nature center, a full waterfront, craft areas and a horse program are a few of the activities you can participate in at Fort. There is plenty to do and quiet places for rest and relaxation. Daily worship and teaching takes place in the Gathering Place. View the housing/price options on the back of the brochure.
